EDUCATION

Matric
Multan Board   2018-2020

Intermediate (ICS)
Multan Board   2022-2022

Bs Computer Science (Under-graduate)
Govt College University faisalabad

SKILLS

- **Python**
- **SQL(MYSQL)**
- **Git and Github**
- **DJango and Flask**

LANGUAGES

- **English (Normal)**
- **Urdu**

ABOUT ME

I am a computer science student with a basic understanding of programming and software development. I am eager to learn, hardworking, and ready to gain practical experience in the software industry. I have knowledge of languages like Python nd framework like flask and Django and familier with Database   and Git . I am looking for an internship opportunity where I can improve my skills and contribute to the team.

EXPERIENCE

Basics

Python & Web Developer (Student Projects)

- Self-Initiated / Academic Projects — Ongoing
- Developed multiple projects using Python, implementing Object-Oriented Programming (OOP) principles and data structures for efficient logic building.
- Created a Portfolio Website showcasing personal projects using HTML, CSS, and JavaScript with clean and responsive design.
- Designed and implemented a College Management System and a Stock Portfolio Tracker using Python, Flask, and MySQL, integrating backend logic with dynamic data handling.
- Applied SQL for database creation, data normalization, and performing CRUD operations for various applications.
- Utilized Git and GitHub for version control and collaborative development.
- Focused on writing optimized, reusable, and maintainable code while following standard development practices.
- Currently exploring Flask and Django frameworks to enhance backend development expertise.
-
